

DUE WEST LOCALS

Mr. Ansel Putnam is over on a short visit from Macon, Ga.

Dr. Parkinson preached in Abbeville last Sabbath.

Mr. J. J. Scoggins is on a visit to friends in York County.

The paint brush has been busy on the residence of Dr. F. Y. Pressly. It looks fresh, nice, and inviting.

Cox and Wilson meeting on Sabbath morning to discuss political matters does not sit well with this scribe.

Mrs. R. M. Stevenson is on a visit of some days to Rev. and Mrs. W. H. Stevenson of Clinton, S. C.

Rev. W. C. Kerr of Covington, Tenn., has joined Mrs. Kerr at Due West.

Mrs. Nellie Kennedy Moore and Miss Margaret Moore are back from Alabama.

Mrs. W. L. Brownlee left last week for Covington, Tenn., to be gone six weeks.

Miss Lois Steele of Huntersville, N. C., is visiting friends in town. She came down especially to attend the wedding.

Mrs. J. E. Todd has gotten home from a protracted visit to her children in Georgia and parts of this state.

Mr. D. S. Edwards is to have charge of the music at Linwood. Special attention is being given to them for that occasion.

Mr. and Mrs. W. W. Edwards and family left Monday for Monroe, Ga., visiting Mrs. Edwards' sister, who lives at that point.

Mr. and Mrs. W. P. Greene and Miss Mary Greene of Abbeville attended the double wedding at Mrs. Todd's last week.

Miss Helen Bice Galloway returned from Charlotte, N. C., last week where she has been visiting friends.

The new post office, just west of the Farmers and Merchants bank is going up right along. It will be a two story brick building, the same size of the bank building.

Cotton and corn are growing very fast now on account of the high seasons. Some of the farmers think the cotton is growing too fast.

and going to weed too much.

Dr. and Mrs. P. A. Pressly and children of Greenville were guests for several days of Dr. Mrs. F. Y. Pressly. Dr. Paul is bright, interesting and a fine conversationalist.

The condition of Mrs. J. J. Ranson, who lies dangerously ill at the home of her daughter, Mrs. Duncan of Covington, Ga., remains unchanged.

Messrs. Jessie and Coleman Agnew have bought the stock of goods from Mr. J. H. Wren and also the house and some warehouses and will run a general lumber business and hardware business. The real estate belonged to Mr. Jno. Winn who recently bought it from Mr. Wren.

We welcome these two fine young men into the business life of the town. We need to give our young men employment. That is the way to build up our town.

Mr. T. V. Miller ran over to Lowndesville last Saturday to visit his sister, Mrs. Bell.

Mr. R. S. Galloway, Jr., goes on a visit this week to Montreat, N. C. He will gone several days.

Miss Virginia Reid returned last week from North Carolina. She also had a pleasant visit into the mountains while away. Miss Reid's position in the Charlotte schools for next year.

Rev. R. C. Grier spent Monday night in Due West. He came to meet with the Athletic committee of the Erskine Alumnae association and on to Greenville to meet Rev. S. W. Reid for a conference on Linwood affairs.

Dr. and Mrs. R. L. Robinson left on Tuesday for Montreat. Mrs. Robinson will meet her brother there. After spending some days, they expect to go on to Kentucky and spend a couple of weeks feasting their eyes on blue grass valleys and rolling hills.

Mr. Jenkins of Pelzer, who attended the wedding last week in Due West was a son of Miss Sallie McBride, the first voice teacher of the Woman's College. It was in honor of this teacher under whom Dr. Darlington took music lessons, that the "McBride Voice Medal" was given. Mr. Jenkins will have a daughter in the Woman's College next year.

Rev. J. P. Pressly leaves this week on his vacation. Dr. McCain will have charge of the prayer meetings each Wednesday evening. Mr. Pressly preached a sermon last Sabbath on "The Bible," this on the request of the executive committee of the county Bible Society and also directed attention to the county meeting the last Wednesday of July. All the pastors in the county are requested to preach on the Bible next Sabbath, but as Mr. Pressly leaves this week, he preached on the subject last Sabbath.

Same Here, Brother

We trust that our readers will not think it is from choice, but we are using the present grade of newspaper on the Presbyterian.

This paper is costing us the very highest price of any newspaper ever bought. It is 135 per cent higher than the better grade of paper that we were using one year ago. Every lot that comes in now is higher than the preceding lot.

When you order you just have to you lift that bothersome corn or take what comes in. Sometimes it is callus right off, root and all, without four or five months before an order one bit of pain or soreness. Truly! is filled and you do not know what

will be the price of the grade or the size. The paper situation is similar now to that of sugar and coal. You may feel thankful if you get any at all.—A. R. Presbyterian.

Don't forget to talk and work for the County Bible Society, which meets in Due West the last Wednesday in July. It is hoped to make the occasion epochal. Everybody in the county is invited.

NOW TIME TO SOW TURNIPS

Columbia, July 20.—"It is now time to prepare and sow turnips and to plant the second crop of Irish potatoes," said Commissioner Harris today. "If the second crop of Irish potatoes is planted at once in good land, well prepared, it will produce good results."

"Now, Irish potatoes are selling high and we may expect them to continue to be high. I do not look for any reduction in the price of good crops for man or beast."

"In the Piedmont belt the second crop of Irish potatoes should be planted by July 20."

"Now as to the turnip crop. This is a very important crop, in fact a factor in agricultural economy if our people would but stop to think. We must do what we can, what we can to save our grain and crops for human consumption. Turnips are good for man, cattle, hogs, sheep and also poultry, through the winter. There will be a great demand for turnips this winter in the towns and cities and mill villages."

"Last year I urged the farmers to plant a good crop of turnips. I am sorry to say that while some told me that they had followed my advice, the turnip crop was disappointing, although the price for eating variety of turnips here in Columbia was \$1.00 per bushel. One good acre of turnips, well manured and worked, will make from 250 to 300 bushels. Yet, I am ashamed to say, most of the turnips eaten in South Carolina last year were shipped from Canada. Can you beat it? Paying all of that freight and several middle men's charges, making a handsome living for other people instead of keeping our money at home and building up our State. Go to it!"

MILLIONS OF POUNDS CANNED MEATS AT LOW PRICES

War Department Will Place On Sale Canned Meats of All Kinds at Less Than Pre-War Prices

Washington, July 22.—In an effort to combat the high cost of living the War Department soon is to place millions of dollars worth of canned meats on the market at prices below even pre-war quotations, said an announcement today from the office of the division of sales.

The meats, which will be offered for domestic consumption exclusively, are stored in every section of the country and will be disposed of through wholesale and retail stores from one end of the country to the other. The division of sales also announced that it had enlisted in this work the services of 60,000 postmasters, 5,000 bankers and the mayors of every city and town.

Included in the meats are canned corn beef, corn beef hash, roast beef and bacon.

"Every dealer, from the largest wholesaler to the smallest retailer, is being given an opportunity to make purchases at prices which are considerably below the prevailing market ones," said announcement.

"The canned meats are the best that the American packers could prepare. Their quality is the highest. They were packed under government supervision and the War Department is standing back of every can sent from any army supply depot."

ERWIN BERGDOLL, ANOTHER SLACKER, SURRENDERS

New York, July 22.—Erwin Bergdoll, younger half brother of Grover Bergdoll, who disappeared from his Philadelphia home about two years ago and since then has been sought on charges of draft evasion, today surrendered at Governor's Island.

With Bergdoll surrendered Judge James Roeming of Philadelphia, a personal friend of the Bergdoll family, who himself is under indictment in connection with Grover Bergdoll's escape recently.

HALL INVESTMENT COMPANY

A certain well-known lawyer was asked if he liked hash. "I have to know the cook," he answered.

Now it may be a far cry from hash to Furniture—but it is a fact, that just as all hash looks alike, so does much Furniture—when it is new and freshened up, at any rate.

YOU HAVE TO KNOW THE PEOPLE BEHIND THAT FURNITURE.

The average individual cannot be expected to know all about FURNITURE—he leaves such knowledge to his dealer—just as he puts his faith in his lawyer or his physician.

It is needless to say that we are selling only the Best lines of Furniture possible to obtain at the prices we ask.

IF IT IS A CHEAP PIECE OF FURNITURE YOU WANT—Then we offer you the best article for the price you are limited to that can be had in the open market.

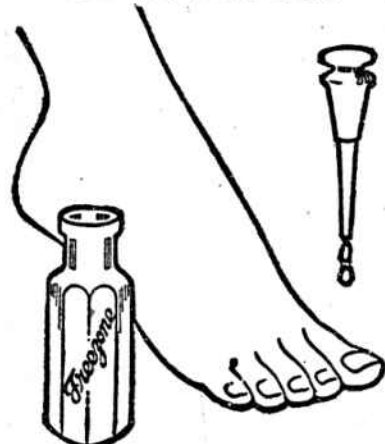

On the other hand if it is an expensive piece you desire, then we offer you the pick of the market.

WE KNOW FURNITURE AND HOUSE FURNISHINGS. IT IS OUR BUSINESS.

Hall Investment Co.

Lift off Corns!

Doesn't hurt a bit and Freezone costs only a few cents.

With your fingers! You can lift off any hard corn, soft corn, or corn between the toes, and the hard skin calluses from of bottom feet.

A tiny bottle of "Freezone" costs little at any drug store; apply a few drops upon the corn or callus. Instantly it stops hurting, then shortly you lift that bothersome corn or callus right off, root and all, without one bit of pain or soreness. Truly!

Worn Down, Out of Heart

Georgia Lady, Worn-out and Tired, Tells How She Was Helped by Ziron Iron Tonic.

THE personal experience of Mrs. Nannie Phillips, of Powder Springs, Ga., is printed below in her own words:

"I was in a worn-out condition. My stomach was out of order. I didn't sleep well. I was tired all the time. I couldn't half eat, and didn't rest well at night."

"I would get out of heart and blue. I would feel like I was going to be down in bed. Yet I kept dragging around."

"We heard of Ziron, and from what I read, I was sure it wouldn't hurt me if it didn't help me. But after taking it, I found it really helped me, and sent back for more. I ate better, felt much stronger. I am sure Ziron is a splendid tonic."

Many people, who are worn down and disheartened, due to stomach disorder and nervous ills, find relief by toning up their blood with Ziron Iron Tonic.

Tell your druggist you want to try Ziron on our money-back guarantee.

WAR ON BOLL WORM. ST. SWITHIN'S DAY WAS THE 15TH OF JULY

Washington, July 22.—In an effort to curb the spread of the pink boll worm in the cotton belt the department of agriculture today authorized a quarantine, effective August 1, which will be applicable to areas in Louisiana and Texas known to be infected or suspected of possible infection. State authorities will cooperate in enforcing the quarantine, it was stated.

"The growing crop must be under the full control of state authorities," the department's announcement said "in cooperation with federal authorities who may inspect fields as often as necessary and may require prompt destruction of any cotton in fields that are found to be infected."

More than 90 per cent of the alcoholic drinks made in the Philippine Islands is derived from palm tree juices.

St. Swithin's day, if thou dost rain, For forty days it will remain; St. Swithin's day, if thou be fair, For forty days 'twill rain na mair.

Nine hundred and forty-nine years has been handed down from generation to generation for 949 years, and today you will find Washingtonians jocularly casting predictions concerning the weather for the next forty days, basing their forecast on the legend of St. Swithin.

This request was that he be buried not in a church, but outside in a "vile and unworthy place."

Following the thundershower on that day there came others, and tradition tells us it rained for forty days and forty nights. The story has been handed down from generation to generation for 949 years, and today you will find Washingtonians jocularly casting predictions concerning the weather for the next forty days, basing their forecast on the legend of St. Swithin.

The most widely known paper currency in the world, is the Bank of England note.

666 has more imitations than any other Chill and Fever Tonic on the market, but no one wants imitations. They are dangerous things in the medicine line.—Adv.

A HANDY TRACTOR FOR ANY FARM

HERE is an economical little Kerosene Tractor for small or large farms. It pulls 2 14-in. plows anywhere a good team can continuously pull one plow. At the Salina, Kansas, Demonstration in 1918 it proved that it can average 1 1-10 acres per hour on 1.62 gal. of kerosene plowing gumbo under an average draw bar pull of 1015 pounds. It has a four cylinder Case Valve-in-head Motor set cross wise upon a one piece cast main frame. This affords the use of all cut steel spur gears and prevents disalignment of shafts, gears and bearings. All of these important parts are thoroughly enclosed and run in oil. The friction clutch belt pulley is mounted on the crank shaft and conveniently located for belting up to any machine. The Motor has a removable head also big hand hole covers along the side of crank case and a large cover underneath which makes engine bearings and other parts very accessible. The fin and tube, non-clogging Case Radiator

Core is supported by a four piece cast frame. The fan is driven by spiral gears enclosed. The "safety" fan hub prevents damage to these gears when starting. No fan belt or chain to look after. The Syphon Thermostat regulates the cooling system. Water circulation is insured by a centrifugal pump. This controlled cooling device maintains proper temperature of water to keep the motor hot thereby assuring thorough combustion and prevents raw fuel passing by the pistons or diluting the oil in crank case.

The Case Air Washer permits only clean, moist air entering carburetor, consequently no dust can enter the cylinders. This means a long lived motor. This tractor weighs only 3400 lbs. When plowing all wheels travel on unplowed land. The hitch is low and adjustable, eliminating undue side draft. For Discing, Seeding, Haying, Harvesting, Threshing, Silo Filling, Baling, etc., it's a handy tractor.

C. E. LEONARD Dealer Donalds, S. C.
